That whan a good doods to be done,
"Let's do tha deed to-day."
We may all command the present.
If we act and never wait,
But repeatator is the plantom

Dust'tell me of to-morrow:
There is much to do to-day
That can never be eccomplished

Every moment of a party way.
When the throw one forced?
Then why put off till to-morrow
What to-day can do as well?

Don't tell me of to morrow :

If we look upon the past,
How much that we have left to do
We cannot do at last.

We cannot do at last.

For all on this frail earth!
It takes an age to form a life,
A memor gives it blyth.
